

**TG 2: Synergy between EU funded
projects:
Interface between the ELGPN WP and
TG2**

ELGPN Plenary meeting
Riga, September 2009

Output and outcomes

OUTPUT: Overview of relevant projects

OUTCOMES:

- Network members know relevant projects
- Efficient future EU investment in projects
- To support the work of ELGPN
- Greater impact of projects on national and EU policies for guidance

Past and current projects

Approach tested in Athens (May 2009)

How to identify examples of interesting practice?

- Past projects: impact on the policy level in the period after the project (Method: research, follow up-networking)
- Current projects: assessing potential impact (Method: research, networking – ELGPN)

How are projects related to g. policy? Do we have examples of good practices?

The aim of the projects:

- to develop guidance policy

Example: NGPF, etc.

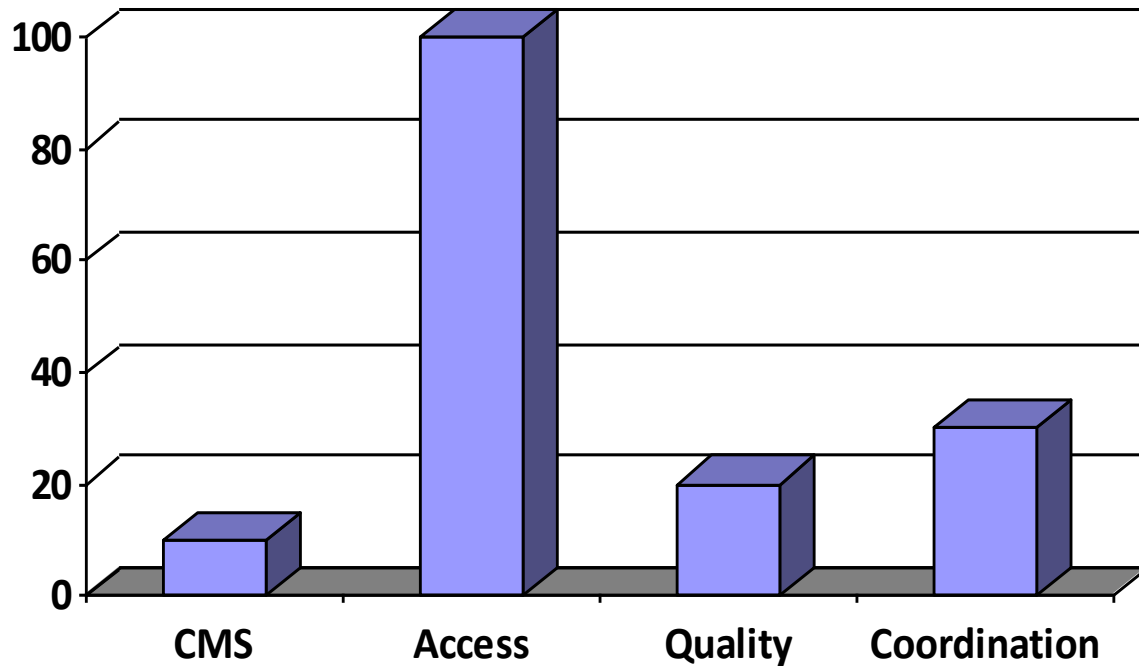

- to implement (guidance) policy

Example: Workplace guidance (LDV)

- combination of both

Example: ICTEM (LDV), EGOS

How are projects related to ELGPN workpackages?

Action points

- Criteria
- Searching and selecting relevant projects
(in cooperation with WP leaders and Euroguidance)
- Briefing for each WP (autumn 2009)
- Presentation/dissemination
- Recommendation to policy makers
(ELGPN)

Briefing - template

- Title of the project
- Project information (programme, year, coordinator, partners, etc.)
- Aims, objectives,
- Short description of project activities
- Short description of the use of the results in the period after the project
- Linking to priority
